## Meet Our Active Therapy Dogs

### GIOTTO

<b>Name</b>	Giotto, Ch. Homespun's Work of Art
<b>Breed</b>	American Cocker Spaniel
<b>Birthday</b>	December 14, 2008
<b>Color</b>	Black
<b>Personality</b>	He is one of the most empathetic and laid back dogs you'll ever meet! He's extremely outgoing and interested in people. He is especially good with autistic children.
<b>Training</b>	He has many titles in obedience, rally and agility. In CPE (Canine Performance Events) he has all the titles you can get. Nearly all of his training was completed at Lyons Township Dog Training Club on Tuesday nights (and we're still doing our run-throughs, "training" :)) It was the training at LTDTTC that got us into "showing!" (Competitive events.)
<b>How do you know that your dog loves therapy work?</b>	Number 1, he knows when he's going on a visit! He's excited to see "all these people!" He still looks forward to visits after all these years. In particular, he really enjoys the "read to the dog" programs at our local libraries - he often falls asleep during the read as if it were a bedtime story!
