Meet Our Active Therapy Dogs

TIFFANY

Name	Tiffany
Breed	European Crème Golden Retriever
Birthday	December 16, 2017
Color	White
Personality	Tiffany is a sweet, gentle girl. Her calm demeanor makes her a perfect Animal Assisted Therapy Dog team with her handler at Edwards Elmhurst Hospital. She loves to visit with the nurses and patients but truly loves spending time with children the best. Tiffany is always up for a swim and has had her paws in both oceans. At home she's content with her own puppy pool. She enjoys letting off a little steam by digging holes in the backyard. Her Motto: Will work for food.
Training	Tiffany was bred to be a comfort dog and began her training at 8 weeks old and has never looked back. She loves to go to dog training classes and is an all-around kind of girl, having taken classes in Obedience, Rally, Agility and even Doggy Dancing! She is certified with Bright & Beautiful Therapy Dogs and continues to be trained through the hospital program at Edwards Hospital,
How do you know that your dog loves therapy work?	As soon as mom puts on her hospital jacket Tiffany begins to wiggle with joy! (That's why her nickname is Tiffany Wiggles A lot). She proudly wears her therapy vest and can't wait to pop her head in the Volunteer Supervisor's office to say hello. She knows she will get pretzels from the hospice staff and stops to let every visitor pet her. Her goal is to become a Comfort Dog so she can help in disaster zones and other places where her comfort skills will be used completely.
