ACTIVE

Meet Our Active Therapy Dogs

TORI

Name	Tori
Breed	NSDTR (Nova Scotia Duck Tolling Retriever) AKA Toller, Toller Retriever, Duck Toller, Yarmouth Toller, Tolling Retriever, Little Red Duck Dog, Little River Duck Dog
Birthday	May 29, 2013
Color	Red
Personality	She's a "do-er!" She likes to keep her mind working. Playing games and tricks with her makes her super happy especially if you'll reward her with a treat (of ANY kind!) Her motto: if you've got a treat, I'll do whatever you ask me to do!
Training	Tori's been training since she was 11 weeks old and she's never looked back. Tuesday night training classes at LTDTC are our "doggy date nights." She has therapy, agility, and trick dog titles. In addition, she is an advanced therapy dog with a complex rating, completing over 100 visits.
How do you know that your dog loves therapy work?	When the backpack comes out, this girl is off the couch in record time, wagging her tail, bright eyed with alert ears! Tricks are her fave but whatever you want to do is fine by her - grooming, walking, games, tricks, hugs, you name it - this is "your time" - she's there for you :)
